

# DSP7200.2 DIGITAL ACTIVE LOUDSPEAKER DELIVERING REAL AND AUTHENTIC SOUND

The DSP7200.2 delivers as much quality sound as a conventional loudspeaker of eight times the physical volume – delivering the atmosphere and emotion of a live performance straight into the home.

Standard finishes are available in piano lacquered white or black and a further 270 bespoke colour finishes are available via Meridian Select.

## THE DSP7200.2 AT A GLANCE

Advanced, high-efficiency composite dome tweeter.

Outstanding performance – four powerful, built in 150W amplifiers with DSP provide a maximum output level of 118dB at 1m.

DSP active advantage – self-contained audio system with no amplification equipment needed.

On-board DSP provides thermal and dynamic bass protection – enables high volume use for prolonged periods of time.

Centre elevation adjustment technology delivered with the DSP Horizontal Centre 7200.2.

Features Meridian's unique Enhanced Bass Alignment (EBA) technology - bass, mid and treble all reach you at the same time, in perfect alignment.

Listener controls including time-compensated balance, listening axis and Enhanced Bass Alignment (EBA) – enables considerable speaker placement flexibility.

Multiple installation applications in home and commercial environments enabled by Meridian's unique Design and Specification Service.
